

CCP Cincinnati Construction Products, Inc.

The only factory-authorized manufacturer's representative for EPIC Metal Products in the tri-state region

Statement of Capabilities

Company Information

Cincinnati Construction Products (CCP) supplies primary and secondary steel framing along with architectural siding and roofing products to the professionals of the construction industry. CCP is the only factory-authorized manufacturer's representative for EPIC Metal Products in Southwest Ohio, Northern Kentucky and Southeast Indiana.

With more than 40 years of experience, CCP also provides a full array of estimating, drafting, and project management services for all of the products available in our offering, allowing construction contractors to expedite product deliveries and minimize the chance for ordering errors through intense coordination and teamwork.
