

METROPOLITAN SEWER DISTRICT OF GREATER CINCINNATI

DIVISION OF INDUSTRIAL WASTE

MEDICAL OPERATIONS INSTRUCTION SHEET

Metropolitan Sewer District Rules and Regulations require that nonresidential wastewater discharges apply for a Wastewater Discharge Permit. Medical Operations are defined as nonresidential and may be covered by a General Permit. However, the purpose of this application is to keep an accurate record of your contact information and practices so that we may know your facility's potential for contributing wastewater to the sewer. Registration of your Medical Operation is required, free of charge. The information will be used by the Metropolitan Sewer District's Division of Industrial Waste. Failure to comply with the registration process may be a violation of Article XV of the Metropolitan Sewer District Rules and Regulations and may subject the violator to enforcement action. Below you will find instructions for completing the registration form.

1. Please print or type the Medical Operations (MO) form. The MO form can be found online at www.msdcg.org under "Industrial User Resources".
2. The Sewer Use Customer Application must be completed along with the Medical Operations form. Answer all questions carefully. If there is doubt about the appropriate response to a question, write "unsure" or "information not available." In some cases, the questions may be answered by a simple check mark. This form may also be found under the "Industrial User Resources" heading.
3. The Facility Description section of the form asks about the nature of business operations. Please check all types of facility, the location, equipment, and fixtures that apply to your facility. Fill in all operation information about your facility.
4. The Waste Management section of the form inquires about the waste management at your facility. Waste Management includes trash/solid waste, medical waste, and other waste disposal.
5. Please refer to the FAQ (Frequently Asked Questions) section online or contact the Division of Industrial Waste at (513) 557-7000 with questions.
6. Return the completed form to the Metropolitan Sewer District. Additional copies of the application form and Metropolitan Sewer District Rules and Regulations are available from the Metropolitan Sewer District.
