TRAFFIC ALERT FOR LICK RUN PROJECT: Closure of Quebec Road between Westwood and Forbus

CINCINNATI – Quebec Road between Westwood Avenue and Forbus Street in South Fairmount will be closed to all traffic starting Monday, April 2 through early May for the installation of new storm sewers, pending weather and site conditions.

Access to businesses and homes in this area will be from Forbus Street. Access to 1881 Westwood Avenue and the food truck parked in the lot will be via Forbus Street/Addie Alley.

Quebec Road has been closed to thru traffic since January 2018 and will remain closed for the duration of the project. Local access is maintained but can be delayed at times.

The Metropolitan Sewer District of Greater Cincinnati (MSD) and its contractor, Sunesis Construction, are installing new storm sewers along Quebec Road and adjacent side streets between Westwood Avenue in South Fairmount and Atson Lane in West Price Hill. *Please see the attached maps.*

The storm sewers will collect rainwater and convey it to the Lick Run Greenway in South Fairmount as part of the Lick Run Project (www.projectgroundwork.org/lickrun).

The entire project is anticipated to be complete by the end of 2018, with repaving and final restoration in spring 2019.

Construction is occurring primarily Monday through Friday during daylight hours, depending on weather and site conditions. Work on weekends may be necessary at times.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov or visit www.projectgroundwork.org/lickrun.
