Traffic Alert – East Price Hill
Closure of Fairbanks Avenue to Thru Traffic September 16 and 17
Closure of Bassett Road starting September 16 for about a month

CINCINNATI – Fairbanks Avenue will close to thru traffic between Delhi Avenue and Eighth Street during non-peak hours on September 16-17 for sewer-related work, pending weather and field conditions.

Fairbanks will be open during morning and afternoon rush hours on both days.

Bassett Road between Fairbanks and Woodlawn avenues will close to all traffic on September 16 and remain fully closed for about one month. In addition, the intersection of Bassett and Woodlawn will be closed to thru traffic toward the end of the project.

Local access to both roadways will be maintained.

The Metropolitan Sewer District of Greater Cincinnati (MSD) and its contractor, Schweitzer Construction, is replacing a sewer along Bassett Road prior to a Cincinnati Department of Transportation and Engineering streetscape project.

Crews normally work 7 a.m. to 5 p.m. Monday through Friday.

Please see the attached project map.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

This project is part of Project Groundwork, MSD’s multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will improve the quality of our lives through cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

For additional information about the MSD project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
