Traffic Alert – Bond Hill
Catalina Avenue to close May 26 – end of July

CINCINNATI – Catalina Avenue in Bond Hill will be closed west of Phantom Avenue starting the week of May 26 through the end of July for a sewer replacement project, pending weather and field conditions. Access to local traffic will be maintained at all times, but delays are likely.

Please see the attached project map.

In addition to the closure of Catalina Avenue, lane restrictions will occur on other local roadways between the hours of 9 a.m. and 4 p.m. as construction progresses. These include Berkley Avenue, Lawn Avenue, Mercy Health Place, the off ramp to Reading Road from westbound Route 562 and the on ramp from Reading Road to eastbound Route 562. The lane restrictions will be lifted after 4 p.m. nightly and generally all day on weekends. Please plan accordingly to avoid delays.

The Metropolitan Sewer District of Greater Cincinnati (MSD) is relining and replacing sewers in this area. The project should be completed during the summer.

MSD's contractor is Municipal and Contractors Sealing Products. Construction activities will occur generally between 7:00 a.m. and 5:30 p.m. Monday through Friday.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

For additional information about the MSD project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
