Traffic Alert – Northside

Road Closure of Virginia Avenue at Chase Avenue during Weekend of Sept. 21

CINCINNATI – Virginia Avenue at Chase Avenue in Northside will be closed to thru traffic from 9 a.m. Friday, September 21 through 5 a.m. Monday, September 24, weather permitting, for sewer-related work. A marked detour will be in place.

Access to local traffic and emergency vehicles will be maintained but could be delayed at times.

The Metropolitan Sewer District of Greater Cincinnati (MSD) and its contractor, SmithCorp, are installing a 36-inch-diameter stormwater outlet sewer along a portion of Virginia Avenue as part of the CSO 125 Project.

Please see the attached project map.

Additional lane restrictions, lane closures, and/or road closures along Virginia and Kirby avenues will be occurring as part of this project over the coming months. Project updates will be shared via press releases and Twitter @CincinnatiMSD.

This effort — part of the West Fork Project (www.projectgroundwork.org/westfork) — will help reduce combined sewer overflows (CSOs) into the West Fork Creek, a tributary of the Mill Creek.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov or visit www.projectgroundwork.org/westfork.
