Notice of Construction – Amberley Village
Ridge Road Sewer Lateral Project Mid-April – End of Week

CINCINNATI – The Metropolitan Sewer District of Greater Cincinnati (MSD) will begin sewer construction this week near 6800 Ridge Road. The project is scheduled to be completed by the end of the week, pending weather and field conditions.

*Please see the attached project map.*

MSD is installing a new 6-inch sanitary sewer lateral to service the property at 6800 Ridge Road and allow for the elimination of a private household treatment system.

Access to traffic and properties will be maintained at all times, but delays could be possible.

Construction activity will occur generally between 7:00 a.m. and 5:30 p.m. Monday through Friday. MSD’s construction contractor is Larry Smith Incorporated.

In addition to traffic inconveniences, typical construction-related disturbances such as noise, dirt and vibrations should be expected throughout the construction period.

This project is part of Project Groundwork, MSD’s multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork will protect public health, improve our local streams and rivers and enhance our communities.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
